12/15/00	I99-07-003	Investigation on the Commission's own motion to consider the costs and benefits of various promising revisions to the regulatory and market structure governing California's natural gas industry and to report to the California Legislature on the Commission's findings.

eliminate uncertainty with regard to the availability of intrastate gas transportation and in doing so should reduce risks and costs to intrastate shippers.

12/18/00 R00-02-005 Order Instituting Rulemaking on the Commission's own motion into reciprocal compensation for telephone traffic transmitted to internet services providers modems.

Summary: On December 14, 2000, Kurt Rasmussen, Regulatory Affairs, Verizon Incorporated (“Verizon”), met with Lester Wong, advisor to Cmmr. Bilas; and on December 15, 2000 – with Trina Horner, advisor to Cmmr. Lynch. Both meetings took place in San Francisco. Richard Chapkis, Attorney for Verizon, participated in both meetings. Written materials (attached to the notice) were used. Chapkis and Rasmussen expressed Verizon’s support for the Alternate Decision of Cmmr. Neepor and Cmmr. Duque and explained the Company’s position with respect to the following impacts of the existing reciprocal compensation scheme: Internet Services Providers (“ISP”) reciprocal compensation harms competition and consumers; ISP reciprocal compensation unfairly subsidizes competitive local exchange carriers; Internet traffic can be identified and segregated; Internet traffic is not local; and Reciprocal compensation may lead to rate increases.

12/19/00 I99-07-003 Investigation on the Commission's own motion to consider the costs and benefits of various promising revisions to the regulatory and market structure governing California's natural gas industry and to report to the California Legislature on the Commission's findings.

Summary: On December 14, 2000, Craig Chancellor of Calpine Corporation (“Calpine”) participated in an all-party meeting with Cmmr. Wood in San Francisco. Also present were Maryam Ebke, advisor to Cmmr. Wood; Rosalina A. White of Public Advisor Office; Marcel Hawiger of The Utility Reform Network; Rick Counihan of Green Mountain Energy; Tom Beach of Watson Cogeneration Company; Patrick Power of City of Long Beach; Karen Lindh representing California Manufacturers and Technology Association and California Industrial Group; Kimberly Freeman and Gillian Wright representing Sempra Energy and Southern California Gas Company; Rick Morrow and Lad Lorenz representing Southern California Gas Company; Marc Joseph of California Utility Employees; Michael B. O’Neill of El Paso Natural Gas Company; Grant Kolling of City of Palo Alto; Christine Jun of Indicated Producers and Aera Energy; Norman Pedersen of Southern California Generation Coalition; and Pat Van Midde of Reliant Energy Corporation. Chancellor commented on the Proposed Decision of Cmmr. Bilas issued on 11/7/2000 and noted that reliance on the current commodity prices to delay or reject the proposals in the Comprehensive Settlement

Agreement ("CS") is unjustified. Chancellor stated that investigations failed to show a connection between the high electric prices in California and the unbundled gas transmission market. Chancellor also stated that an unbundled gas transmission system, where costs and services are matched, will send accurate economic signals and provide tools to all customers to manage supply and transportation risk, resulting in an improved gas and electric market in California. Chancellor requested that Cmmr. Wood issue an alternate decision approving the CS.
